"Las Vegas is calling me"

Come on and take this ride with me Tonight we gonna see The skies in green Come out and play with me

Las Vegas is calling me Like a crazy dream Lights sparkling everywhere It's like a fantasy Let's get together And Rock this dream

Las Vegas is calling me People everywhere along the strip Like time square in NYC Let's get together And face this dream

Las Vegas is calling me. Billboards everywhere Lighting up the skies in green Let's get together And Rock this dream

Las Vegas is calling me Like a crazy dream Lights sparkling everywhere It's like a fantasy Let's get together And Rock this dream

Casinos to shows To the sounds Of a new song Las Vegas is calling me It's for real And is not just a dream Las Vegas is calling me
